Sir:

**REQUEST**

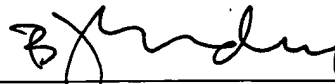

The Examiner is requested to forward a complete copy of Van Noort et al (International Review of Cytology, vol. 178 (1998) pp 127-204) as the copy of the same received with the Office Action of January 8, 2004, only contains alternate pages (i.e., as if a single-sided copy were made of a double-sided original without appreciating that the original was double-sided). To the extent a complete copy of the reference is required to fully consider the Examiner's rejections, a new Action is requested with the complete copy of the reference, with the time to the Action re-set for responding from the mailing date of the complete reference.
